

EXETER. An extremely rare George II Hash Spoon made in Exeter in 1746 by James Strang

Sold

Description

The Spoon is modelled in the Hanoverian pattern, with a double pendant drop on the back of the bowl. The top of the stem is engraved with a set of contemporary scratch engraved initials and this example has a most outstanding set of marks. The quality of the bowl is also exceptional, as it displays a most outstanding tip. The spoon is of an excellent weight, gauge and colour. It is most unusual to find one of these oversized spoons from the provinces.

Length: 15.5 inches.

Width, at the widest section of the bowl: 2.75 inches.

Weight: 7.5 oz.
