Description

The Toddy ladles have deep circular bowls, with everted rims. The exterior side of the bowl is also engraved with a contemporary Crest. The silver section of the handle is attached to the bowl with an oval moulding and the whalebone handles are beautifully twisted and display a silver end. Each is in excellent condition and fully marked in the bowl. These Toddy Ladles are rare, however to find a Georgian set made in London is most unusual.

Length: 7 inches, 17.5cm.

Diameter of the bowl: 1.75 inches, 4.38cm.
