Description

The glass body of the scent bottle has a broad rectangular form, with glass stopper and gold screw on cover. The case also contains a very rare gold scent funnel, to fill up the scent bottle. These are all contained within their original velvet lined shagreen case. As you will appreciate, it is very unusal to find a gold funnel with a scent bottle and all contained within their original case. All pieces are in quite excellent condition.Length of scent bottle: 1.9 inches, 4.75 cm.Height of the funnel: 1 inch, 2.5 cm.Height of the case: 2.35 inches, 5.88 cm
